Subject: Book Clubs – Student Selected Novels

Dear Parents,

During October and November, students will be reading and discussing novels that they themselves have selected. As these novels have been chosen by students, they are not listed in our curriculum and they possibly could contain subject matter that some may find objectionable. Therefore, I am asking parents to sign this form giving their child permission to read the book. In addition to book summaries that may be found on various websites, there are sites like https://www.commonsensemedia.org/book-reviews that can help you make decisions regarding content.

If you have any questions, please don’t hesitate to contact me.

Regards,

Matthew Ryan
English Department
